# Govt has spent ₹10-lakh cr to reach affordable fertilisers to farmers: PM

**FARM BOOST.** Dedicates urea plant at Ramagundam; no plan to privatise Singareni collieries, says Modi

KV Kurmanath  
Hyderabad

Prime Minister Narendra Modi today dedicated to the nation the Ramagundam Fertilisers and Chemicals Limited urea plant at Ramagundam, which has been revived with an investment of ₹6,338 crore. The plant has a capacity to produce 12.7 lakh tonnes of urea, catering to the needs of Telangana, Andhra Pradesh, Chhattisgarh and Maharashtra.

The Prime Minister, who was on a day's visit to Telangana, also laid the foundation stone for four road projects, which would be taken up with an outlay of ₹2,500 crore.

Addressing a gathering after inaugurating the plant at Ramagundam, the Prime Minister said the country was producing 70 lakh tonnes of urea as the government had revived five factories. "We have spent ₹10-lakh crore to provide fertilisers to farmers at affordable prices. We are going to spend ₹2.5-lakh crore more this year for the purpose," he said.

"The government is spending

₹2,000 on each urea bag, but farmers are getting it for ₹270. Similarly, DAP fertiliser bags gets a subsidy of ₹2,500," he said. Stating that the coal sector had been plagued by scams involving

thousands of crores, he said the country as a whole and workers, the poor, and the areas where these mines were located suffered heavy losses. "Coal mines are being auctioned with complete transparency keeping in view the increasing need for the fuel," he said.

**SINGARENI COLLIERIES**

Rebutting allegations that the Centre was trying to privatise the Singareni Collieries Company Limited (SCCL), the Prime Minister said there was no plan to privatise the public sector unit, in which the Telangana government owns 51 per cent equity. "The Centre cannot take any decision on the privatisation of SCCL on its own," he said.

Telangana Chief Minister K Chandrababoo Naidu skipped the meeting in the backdrop of the rivalry between the TRS and the BJP. The TRS had elected boardings in Hyderabad and Ramagundam, reminding the Prime Minister about the promises made to the State at the time of bifurcation.

# 'Integrated infra development is key to inclusive growth'

Hyderabad

BONHOMIE. Prime Minister Narendra Modi with Andhra Pradesh Chief Minister Jagan Mohan Reddy during the launch of developmental projects in Visakhapatnam on Saturday...

Prime Minister Narendra Modi on Saturday said the Centre has been focusing on an integrated approach to infrastructure development to ensure inclusive growth. He was addressing a public meeting in Visakhapatnam after laying the foundation stone and inaugurating development works in Andhra Pradesh involving investments of about ₹10,740 crore.

Investments were rising because of schemes and initiatives like Production Linked Incentive Scheme and GATI Shakti, the Prime Minister said, adding that the welfare of the poor was also being kept in mind. "The youth was now accessing new opportunities thanks to the focus on sunrise sectors including drones and start-ups, he said.

**APS TRANSFORMATION**

Referring to the economic crises in many countries, the Prime Minister said India was scripting a new story of development. "Thanking the Prime Minister

for his support to Andhra Pradesh, Chief Minister YS Jagan Mohan Reddy said the scars from its bifurcation eight years ago remained and support from the Centre would be vital. "We have been utilising every penny of our resources for the development of the State," he said, adding that his government would work with the Centre for the development of the State.

Modi inaugurated the U-flood Onabore Deepwater block project of ONGC and the Narasimneta-Pathapatnam section of NH-326A as part of the Srikalum-Gajipeta Corridor. He laid the foundation for the Andhra Pradesh section of the six-lane greenfield Rajup-Vishakhapatnam Economic Corridor, and modernisation and upgradation of the Vishakhapatnam Fishing Harbour.

₹446 crore," he said. The Prime Minister also approved new telephone towers in the State which would connect 4,668 villages, Vaishnavi added.

"The Q2 was subdued mainly due to the macro-environment and higher competitive intensity for some products in the US. However, we are confident that our robust pipeline of new products will provide impetus to the future growth trajectory," K

Nityamanda Reddy, Vice-Chairman and Managing Director, said in a release on Saturday.

**NOD FOR NINE ANDAS**  
The Research & Development (R&D) spend of the company was pegged at ₹276 crore, accounting for 4.8 per cent of the revenue.

Aurobindo Pharma received final approval for nine Abbreviated New Drug Application (ANDAs) including five injectable products from the US Food and Drug Administration during the quarter, the release said.

# At halfway point, many key issues unresolved at UN climate talks

Press Trust of India  
Sharm e Sheikh

As the UN climate talks in Egypt near the halfway point, negotiators are working hard to draft deals on a wide range of issues they will put to ministers next week in the hope of getting a substantial result by the end.

Top UN negotiator indicated that the planned meeting on Monday between US President Joe Biden and President Xi Jinping of China on the sidelines of the Group 20 meeting in Bali could also provide an important signal for the climate talks as they go to the home stretch.

The two-week meeting in Sharm el-Sheikh started with strong arguments from world leaders for greater efforts to curb greenhouse gas emissions and help poor nations cope with global warming.

Scientists say the amount of greenhouse gases being pumped into the atmosphere needs to be halved by 2030 to meet the goals of the Paris Climate Accord.

The 2015 pact set a target of ideally limiting temperature rise to 1.5 degrees Celsius (2.7 Fahrenheit) by the end of the century, but left it up to countries to decide how they want to do so. With impacts from climate change already felt across the globe, particularly by the world's poorest, there has also been a push by campaigners and developing nations for rich polluters to stump up more cash.
